

JOIN THE IDAHO TELEHEALTH TASK FORCE

The Telehealth Task Force is an open grass-roots collaborative made up of diverse stakeholders who meet quarterly for education and partnership to plan and carry out activities that strengthen access to healthcare throughout Idaho.

Who is involved in the Task Force?

Health Care Providers, Educators, Hospital and Clinic Administrators, Private Vendors and Consultants, Government Officials, Payers, IT and Communications Professionals, Advocacy Organizations – and more. If you have an interest in health care, and/or an interest in technology, this group is for you.

What Does the Task Force Do?

The Idaho Telehealth Task Force priorities are education and outreach. We meet quarterly (combining face-to-face meetings in Boise with conference calls to include those in other areas) to share information about latest trends in telehealth, plan ways to promote telehealth and to build positive networking relationships among our members.

Benefits of Membership include:

- Access to regular summary updates on key telehealth policy and events
- Opportunities to network online and in person with colleagues
- Discounted registration at Idaho Telehealth Task Force conferences and trainings
- Password to “Members Only” website (Coming Soon)

What Does it Cost?

Individual Membership	\$ 60
Corporate / Organization Membership (for up to four members)	\$175
Student Membership (for full time student with valid ID)	\$ 30
