Together, we can solve hunger.

Help us go from Hunger to Health
“A job loss and medical bills that insurance refused to pay left us uncertain if we could put food on the table. There is nothing worse than the feeling of not being able to provide for your children.”

*Client, The Idaho Foodbank*
Idaho’s snapshot of food insecurity

“1 in 8” Individuals, and 1 in 6 children (73,000) in Idaho are food insecure

“20.3M” Million pounds of food are distributed statewide every year

“179,000” The Idaho Foodbank provides food for 179,000 meals every month

Together, we can solve hunger.
The Idaho Foodbank’s beginnings

• 1984 the facility opened in Boise
• 350,519 meals distributed first year

Today

16,967,000
Provides food for meals distributed annually

Together, we can solve hunger.

Together, we can solve hunger.
As many as 179,000 people served any given month.
Hunger to Health Strategy

Together, we can solve hunger.
REACHING OUR GOAL

What Goes Into Your Health?

Only 20% of a person’s health is determined by health care.
Nutrition Initiative

Emphasis on providing healthy food to the individuals, families and communities in need throughout our statewide network.

Together, we can solve hunger.
Education Initiative

Delivery and promotion of cooking and nutrition education, and the distribution of nutrition/health education materials to our partner network and thousands of food recipients.

Promote “Make the healthy choice the easy choice”.

Together, we can solve hunger.
Social Determinants of Health

Promote engagement with healthcare professionals to utilize an assessment tool and process regarding the Social Determinants of Health, including food insecurity screening questions.

Together, we can solve hunger.
Partner with key stakeholders on community health assessments/projects, offering leadership, subject-matter expertise and/or solutions as needed.

Stakeholders could include healthcare providers, schools, other nonprofits, government and industry leaders.
Programs that make a Difference:

Together, we can solve hunger.
The Commodity Supplemental Food Program is a U.S. Department of Agriculture CSFP program administered through a partnership with the Idaho Commission on Aging and executed by The Idaho Foodbank through the distribution of boxes statewide.
